Vladyslav
Serikov

Front-End Developer

● ser1kovlad1slav@gmail.com

About me

I specialize in creating clean, intuitive and responsive web interfaces using HTML, CSS and JavaScript. My work is guided by clarity of structure and user experience rather than flashy effects. Outside code - I draw inspiration from travel, photography, and music, which helps me approach frontend development with a sense of aesthetics, rhythm and detail-orientation.

Education

Noroff
Front-end developer
2025-2027

Minsk Mechanical Engineering College
Mechanical Technician
2018-2021

Professional Experience

2025 – Present
